**SOFTouch™ top grain calfskin welding glove with reinforced thumb. Seamless index finger for better feed of TIG wires**

Weldas® TIG gloves (10-1003, 10-1005, 10-1009, 10-1050) have a “seamless” index finger construction. This provides unobstructed control over small diameter welding rods and ultra light TIG torches. This design also minimizes the seam burn out and abrasion.
